## "Free-Money" Program Summaries and School Challenge

This is a great opportunity to support our school. All we ask is that you take a few moments to register your store cards, clip and submit your product labels and attend the local restaurant school nights.

Our first challenge, to collect 20,000 Box Top labels before the March 31, 2010 submission deadline. That equates to \$2,000 for our school! The class with the highest percent of submitted Box Tops will win a pizza party! We have already collected over 3,000 Box Top labels - if each student submits approximately 13 Box Top labels during the months of December through March - we can reach our goal!
